

MiyoSHADE Z4/AQ

Description :

Concentrated hydrophobically treated Nano ZnO UV sunscreens dispersed in water. Perfect solution to develop and manufacture O/W formulation efficiently.

Benefits :

- Globally compliant
- High self-dispersibility in water
- High SPF, High transparency
- Preservative free
- Suitable for o/w formulation

INCI :

Zinc Oxide (nano) (and) Water (and) Butylene Glycol (and) Isosteareth-10 (and) Triethoxycaprylylsilane (and) Caprylyl Glycol
